There's no tougher race than an election campaign. Shifting headlines, commentaries on leadership debates, and millions of voters changing their minds right up to the last minute. In the most recent 2025 elections, the accuracy of Liaison's polls ranked 1st provincially and 2nd federally. Next race, who knows? There's always room to improve. **Even at Liaison.**

Methodology

Liaison surveyed a random sample of 1,000 Canadians through Interactive Voice Recording (IVR) from **December 26, 2025 to January 3, 2026** with the sample evenly split between the two weeks (n=500).

Responses were weighted using demographic and geographic information to targets based on the 2021 Census.

The **margin of error for survey results is ± 3.09** percentage points, 19 times out of 20 for the total. Margin of error is higher for sub samples.

Results may not add up to 100 due to rounding.
